

Current Research Update

LDA Webinar June 2021

12th July 11.00 – 13.00 via Zoom

At this webinar researchers will be providing an update on some UK research into Lyme disease, including one new project funded by LDA.

There is no fee and anyone can register.

The registration process is via our online system at www.LymeDiseaseAction.org.uk

1. You log onto our website and follow the instructions for registration – this is just the same as many of you will have done for our previous conferences.
2. We send you an acknowledgement of your registration.
3. We send joining details and instructions a few days before the event to those who have registered.
4. You log into the webinar via your PC, tablet or phone.

Any problems registering online?
Please email conference_team@lymediseaseaction.org.uk

Programme

The timing is approximate, as we hope to be flexible to allow for questions.

10.45	The webinar will open, allowing you to logon in advance of the start of the meeting.
11.00	Webinar starts with an introduction to the event
